

**Australian Chapter of the  
BATTEN DISEASE SUPPORT AND RESEARCH  
ASSOCIATION INCORPORATED**

64 volunteer climbers and their friends or family, gathered together at this event uniting to show their support and care for the very special children and their families who will endure a struggle, which you may never have identified with before.

As a result, the kind support and sponsorship in which we received contributed to the overall amount raised of \$30,000. We are astonished by this great effort by all of the volunteers and sponsors involved.

This fundraiser has succeeded in creating awareness to this dreaded disease, raising funds towards research and most importantly, to provide support to the families of Batten Disease.

We take this opportunity to thank you for your generosity and please feel assured that you are making a difference for the children affected by Batten Disease.

Yours sincerely,

*V. Anderson*

Secretary.
